Metronome™ Trestle

The new Metronome Trestle combines the casual energy of a standing desk with the elegant presence of a boardroom table. Metronome Trestle adds a versatile and refreshingly informal variation on a celebrated design. Building on the refined simplicity of the series' angular metal frame, the Metronome Trestle table offers a standing-height surface that lends itself to meetings, collaborative work and use as a touchdown station.

Shown with Jackal stool

While the metal frame maintains the exceptionally stable structural platform that elevates the Metronome collection, the deft addition of soft wood tones gives this high-tech table a timeless presence. The eye-catching wooden legs and metal foot rail can be paired with a wood veneer or plastic laminate top, while a central wood chimney facilitates tidy wire management. Design: Fig40

- flexible power, data, connectivity options
- surface mount or trough mounted connectivity
- expandable woven cable conduit or linked cable conduit
- tops: wood veneer or laminate
- standard sizes from 36" x 48" up to 60" x 240"
- solid wood leg: oak, maple, walnut- stain or painted finish

Metronome™ Wood Series

The Metronome wood series adds an element of natural appeal. The warmth of the wood finishes combined with the graceful lines embodies a softer, more relaxed approach. Featuring the same seamless technology integration and customizable details, the result is a blend of comfort and performance. Design: Fig40

- flexible power, data, connectivity options
- surface mount or trough mounted connectivity
- expandable woven cable conduit or linked cable conduit
- wood veneer, laminate or glass tops
- standard sizes from 48" x 48" up to 216" x 60"
- base: mirror polished, anodized aluminum or powder coat finishes

Shaker Table

Shaker was born from the idea of creating a truly utilitarian table with a pure functional form. Available in standing and seated heights and in a range of finishes and configurations, Shaker's versatility makes it a proven office work horse for creative spaces, meeting rooms and breakout areas alike.

Shown with Senator Mesh chairs

Shaker's solid wood legs convey a sense of simplicity, all the while blending durability and stability with a robust sense of style. Without unnecessary details, Shaker table's natural finishes bring a sense of warmth and informality to any office environment. But don't be fooled by its simplicity. Shaker tables are available with the same flexible power data connectivity that has become a hallmark of Nienkämper conference tables.

- flexible power, data, connectivity options
- surface mount or trough mounted connectivity
- expandable woven cable conduit or linked cable conduit
- tops: wood veneer or laminate with self edge
- standard sizes from 36" x 48" up to 60" x 240"
- solid wood leg: Solid walnut, birch and oak bases are available in natural finish or any Nienkämper stains

Ensemble

Ensemble is a collection of small to mid sized, fixed and mobile tables that enhance workspaces by providing flexible table configurations. A practical solution for a variety of applications, this system is ideal for versatile offices environments. Ensemble is offered in low and standing height and a choice of three tabletop shapes to suit any space.

Design: Aaron Duke

Shown with Jackal stool

Light and adaptable, the work surface is set on slim wood legs and a low wood shelf that doubles as a footrest. As a breakout meeting table with a small footprint, Ensemble is set on lockable castors that make it ideal in creating adaptable workspaces. Larger fixed tables for meeting room applications provide a cohesive aesthetic throughout the workplace. Ensemble can be personalized to fit the space with a variety of color and finish options for the surface and the legs.

- two heights: • sitting 29" and standing 38"
- 5 standard sizes length: 48", 60", 72", 84", 90" depth: 24" or 32"
- top finishes: wood veneer or plastic laminate
- top shape: "soft rectangle" 1 1/4" thick
- edge: 3" taper & self
- corner: standard with 8" radius but square available, contact customer service
- solid wood leg: natural or standard Nienkämper finishes
- power: dual USB chargers embedded on underside of table top

Jackal Stool

The Jackal is a counter height, stacking stool with a molded 3d veneer seat and solid stainless steel wire base. Thanks to its simple form, this stacking chair has a light and slim silhouette. The overall simplicity of the Jackal design combined with organic shapes and finishes allows for this chair to be easily adapted to a variety of different interior concepts. This sleek and contemporary design is perfect for modern offices that exude a casual, chic vibe. Design: Fig40

- seat Finish: beech veneer, natural or stained to any standard Nienkamper finishes or upholstered
- frame finish: brushed stainless steel or powder coat satin black
- w: 20- $\frac{3}{4}$ " d: 19- $\frac{1}{2}$ " h: 37- $\frac{7}{8}$ "
- stacking

Hex Workstations

Designed to provide enhanced privacy in an open office world, Hex is a refined workstation that looks and feels more like a private office. With its unique Hexagon shape, Hex makes the most efficient use of available floor space. Without compromising the open office/work community ideal, Hex provides delineation of space and can be grouped in a multitude of space-efficient configurations all whilst providing maximum privacy between users.

Privacy is an essential factor for all of us. Hex's pull out cabinets provide storage to keep things neatly out of sight. When pulled out, the cabinet doubles as a pocket door, adding an extra element of privacy that allows you to concentrate on the task at hand.

Hex can be customised to meet many needs, with a range of sizes and finishes that allow for personalisation and flexibility. With built in personal storage and sit-stand capabilities, Hex is designed with the physical and functional requirements of today's varied work styles in mind.

LCS Conference Table

(Lounge Conference Standing)

The LCS Conference Table rises to the needs of flexible meeting spaces. Whether it is for a large formal conference room, or a casual meeting space, this height adjustable conference table effortlessly transitions from seated height to standing.

The LCS Conference Table is supported by a secure, yet elegantly, stitched Neather covered base. Discreet wire management keeps cables out of sight while the innovative cantilever design can support the weight of up to 375lbs. Electric height adjustable bases and seated fixed-height bases are available.

- tops finishes: wood veneer or plastic laminate
- neather wrapped base in either black or standard neather colors with contrasting stitching
- shrouds and columns are powder coated to match base.
- base must be floor mounted.
- all wires are concealed by the column and are hidden from view
- connectivity solutions include Simple pop up Forum, or flush mount
- Simple Forum, USB charging & AV connectivity
- electric, ultra quiet height adjustable system
- top width: 42", 48", 54", 60"
- top length: 96", 108", 120", 132", 144", 156"
- height range: 25-1/2" - 39-1/2"

LCS Wall Mounted Table

Need to give your presentations a boost? Look no further than the LCS Wall Mount Table, the first floor-mounted, height-adjustable work surface of its kind. The integrated media screen moves in sync with the tabletop to standing height, meaning there are no restrictions on how you work. The LCS Wall Mount Table is supported by a secured, elegantly stitched Neather covered base. Discreet wire management keeps cables out of sight while the innovative cantilever design can support the weight of up to 450lbs.

- tops finishes: wood veneer or plastic laminate
- neather wrapped base in either black or standard neather colors with contrasting stitching
- shrouds and columns are powder coated to match base.
- base must be floor mounted.
- all wires are concealed by the column and are hidden from view
- connectivity solutions include Simple pop up Forum, or flush mount
- Simple Forum, USB charging & AV connectivity
- electric, ultra quiet height adjustable system
- top width: 42", 48", 54", 60"
- top length: 48", 54", 60", 66", 72"
- height range: 25-1/2" - 39-1/2"

Swell Tables

The Swell collection of occasional tables consists of three tables in different heights and diameters. The tri-panel design of the base is echoed in the silkscreened “inlay” pattern in the tops which are available in a choice of wood veneer or painted finish. Stand alone or nest together, Swell Tables fit easily into a variety of areas and applications.
