

Workspace ideas which inspire creativity, productivity and engagement in the modern day learning environment.

Healthy • Interactive • Sustainable • Creative • Collaborative • Organic • Flexible

**METRONOME FLIPTOP**

**Metronome™ FlipTop** Tables are the new touchstone for conference, training and meeting rooms. Metronome™ FlipTop Tables provide audible lock and release which enables the table to automatically lock when folded down flat. The one-handed easy release mechanism is just one of the features that ensures flexibility and functionality allowing tables to fold and unfold quickly to change the dynamics of your workspace and adapt to your varying needs.

**SLIDE**

The timeless design of Slide combined with its intuitive adaptability, compliments all training and conferencing environments. The exquisite design of the legs along with the elegant top offerings, enhance style and distinction in the work place.

**TNX**

The TNX collection is composed of small, yet mighty tables that can be used for a wide array of workplace activities. Available at up to 84 inches in width, the knife edge option gives this collection a sleek and delicately refined look. Surfaces come in circular, rectangular or square shapes, and the cross-shaped or T-shape base comes in three colors to blend right into your work environment flawlessly.

**OSCAR**

Comprised of a round steel column with aluminum cast feet, the Oscar Table offers a sleek distinctive base, which is essential for any setting requiring durability and simplicity. The Oscar Collection is comprised of T-, C-, X-, and Y-base tables, allowing designers to create a consistent aesthetic throughout the space. Its numerous shapes, heights, and base options allow various work postures, as well as integration into any environment.

## WISP

Created to enhance shared work areas by providing moveable dividing panels with acoustic properties, the Wisp wall allows numerous configurations to showcase your institutions character. This upholstered, self-supporting wall is the perfect solution for creating privacy zones in open areas where meetings can take place or precision work can be performed in comfort and safety. Options include a built-in workboard creating an informal workstation whenever the need arises. Choose from our vast assortment of fabrics and create your favorite upholstery style (one or two-tones). However you use it, Wisp will blend seamlessly with your collaborative space while remaining compliant with social distancing measures.

## LINTEX WRITING BOARDS

**SILK GLASS BOARDS:** By connecting several glass boards to each other, we can create almost endless writing spaces. Our glass writing boards are magnetic and available in 24 selected colours.

**MOOD MOBILE** Feet and legs in polished aluminum combined with sharp lines to give the Mood Mobile a minimalist look. Tempered, low iron glass guarantees a vibrant finish in every color.

**MOOD FABRIC MOBILE:** A mobile glass writing board with a fabric-covered, sound-absorbent back. The Mood Fabric is a versatile screen that offers a seamless combination of materials and functions. Choose from 10 selected colour combinations

## ZETTI FIT

Combining technology and minimalism, this all-in-one videoconferencing unit is designed to anchor a screen, keep wires neat and your workspace clutter-free. The slanted legs and trapezoid shape table lighten the overall volume, making it ideal for even the most compact spaces. The soft corners, knife edges and optional wood legs add warmth and refinement.

## MEDIA FIT

Media Fit. The laminate vertical tech wall attaches to a table that can be rectangular, race track or trapezoid in shape. Table and screen-supporting walls are available in various heights. Media Fit is easy to move and eliminates the necessity of attaching the monitor to a fixed wall.

## COAST MEDIA

Designed to provide a more private setting for videoconferencing, Coast Media features a sound absorbing upholstered wall enclosure fitted with a peninsula table and wire management to ensure optimum use of space. This impeccably designed, extremely stable, highly versatile booth will fit perfectly within your layout, whether it's in a wide open-plan area or in a small lounge space. Also available as a stand alone media wall+table.

## VAGABOND

**LEXY**

**Lexy** is at home in any working landscape. The elegantly angled legs are produced in solid wood with an option for cleverly concealed cable control. Worksurfaces have softened corners and can feature integrated power modules that bring all necessary services to each user.

**ZETTI NALTO**

**Zetti Nalto** is a collaboration table available in counter and bar height, and is perfect for lively layouts designed for team work. The angular legs in wood or metal options combined with the rounded rectangle top will allow the creation of a welcoming atmosphere in any office environment. Zetti Nalto is outfitted with a footrest, for comfortable and user-friendly shared workspaces. This table will quickly become everyone's favourite destination for productive meetings.

**ENSEMBLE**

**Ensemble** is a collection of small to mid sized, fixed and mobile tables that enhance workspaces by providing flexible table configurations. A practical solution for a variety of applications, this system is ideal for versatile classroom environments. Ensemble is offered in low and standing height and a choice of three tabletop shapes to suit any space.

## COAST

The **Coast** collection offers a wide range of possibilities, limited only by your personal creativity and preferences. Configure it based on your specific needs: straight-lined or curvilinear, banquettes, contrasting bolsters... Add a shelf or an acoustic dividing panel to create privacy islands in shared spaces or to set up a cozy break area for staff members. Resolutely contemporary, Coast was designed with casual collaboration in mind to provide comfortable seating with rounded lines, giving it a gentler more welcoming appearance. Add some warmth to this piece with wood legs, a modern flare with the metal legs. Coast can be personalised to fit your space!

## RIPTIDE

One-piece, rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). The commercial-grade polyethylene material is also FDA-approved. Chemically resistant to bleach, salt solution and chlorine solution. Premium TruColor™ material is fully compounded for superior color and quality assurance. Enhanced UV resistant formulation suitable for both indoor and outdoor use.

**Riptide** is a modular seating system with three primary shapes that make endless configurations.

## FLEET

**Pod** collection is versatile in design making it ideal for lounge areas and gathering spots. The specification options are endless. Create benches, variable back heights, sofas, chairs and banquette seats.

**Fleet** Customize and create your own seating arrangement for any area, with this acoustic, high-back sofa or booth system. Perfect whether needing privacy, wanting to socialize or function within a considered environment.

## POD

## BLOK

**Sena** is an easily reconfigurable modular block seating system. The organically shaped rectangular units can be used individually, laid out in structured patterns or scattered throughout the space to create adaptable seating arrangements.

**Blok** collection is durable and compact. It's easy to create benches or individual chairs, with or without armrests, and the high panels can be used for enclosed spaces with lap-top tables.

## SENA

## BOB

A sofa system providing almost unlimited options, constructed using the smallest possible number of modules. Where ordinary sofas are usually rectangular, square and predictable, BOB offers the architectonic freedom to either challenge or adhere to all types of spaces.

**Lean In** enables a natural form of behavior, leaning while standing up. The piece of furniture is wall-mounted, sound absorbing, and forms an invitingly soft support for the body. Lean In is ideal in areas with limited space, or in rooms where you want to create new ways of interacting. A wall-mounted table is available as an optional extra.

## LEAN IN

## BOBBY

**Longo** is a bench and sofa system for all types of meeting areas with high demands on comfort and furniture design. Together with the round stool Rondo, and the matching Longo table with the same design, Longo creates a harmonious and well designed meeting area. The vast combination opportunities offered by Longo can be enhanced even further with curved bench and sofa sections. Longo can be used as free standing units or linked together.

## MINI CHAIRS AND STOOLS

## SQUAD TABLE

The **Mini** collection features an intriguing and airy chair design that is mounted onto a free-floating, gentle curve that appears to just lightly rest on the seat. Although the Mini collection may sound petite, its small scale and durability provide optimal comfort and make for a roomy seating area for friends at a cafe, coffee shop or dining area. Its open form is easy to clean.

**Agora Squad** collection is perfect for any collaborative work. Not only are these tables technology-enabled, but they also come with optional finishing panels. Available in a variety of heights and widths, these tables are great for standup meetings, lunchroom counter tops or quick one-on-ones.

## COAST TABLE

**COAST** tables are a perfect add-on to any collaborative space to further personalize workspaces. For meeting or dining spaces, rectangular tables are paired with either 26" or 29" tall, squared monopod legs. For coffee break areas or smaller workspaces, tables feature 15" tall cylindrical legs and offer users four distinct tabletops and looks: round, square, rectangular, or a refined teardrop design. With its various possible styles and choices, COAST table designs will assuredly fit into your desired layout.

## TNX

The **TNX** collection is composed of small, yet mighty tables that can be used for a wide array of workplace activities. Available at up to 84 inches in width, the knife edge option gives this collection a sleek and delicately refined look. Surfaces come in circular, rectangular, or square shapes, and the cross-shaped or T-shape base comes in three colors to blend right into your work environment flawlessly.

## MONOPOD

The **Monopod** collection is versatile and highly functional. Whether you need a quaint side table in a meeting room, or a table for people to mingle around at a cocktail evening, these sharp-looking tables come in a wide array of heights, widths, styles and shapes (round, rectangular or square), and will suit any of your events. The circle-shaped base gives the Monopod collection a chic, yet modern look and is sturdy enough to support any type of get-together.

## THE OPPO FAMILY

**Oppo** is an organically formed easy chair with a swivel mechanism. "Oppo" is slang for "buddy" or friend. Oppo chairs are designed to make an empty space feel welcoming and engaging, like a room full of friends.

Pouffes and footstools don't only perform their function in one place – they're often moved to where they're needed at that particular time. We emphasise this movability with a functional ring that can be used as a practical handle. Small, medium and large volumes, for one or more people, rounded and with sculpted forms that rest securely on the ground.

**Puppa** comes in 2 sizes. **Pucca** comes in three sizes.

## ZETTI LOUNGE - CHAIR OTTOMAN BENCH

The **Zetti** collection is a stylish choice for lounges, lobbies, collaborative spaces, waiting areas and libraries. Zetti chairs include high-back and low-back lounge chairs with metal sled bases or auto-return cross bases, as well as ottomans and benches with metal paperclip legs. The relaxed upholstery of the Zetti collection is contemporary, refreshing and inspired by modern influences. Zetti chairs bring a light touch with soft contours and are always welcoming.

## JIGGER

No other stool measures up to **Jigger**. Inspired by the classic bartending tool, this fun and functional piece of furniture gives a playful vibe to rooftop decks and poolside bars everywhere.

Between the comfortable foam seat with hundreds of upholstery options, and our 15-hue color palette, the customization options are endless — Jigger can be styled to fit in anywhere. Plus: its gently rounded base allows for a subtle sway in case you get fidgety.

## CAMPUS

When it comes to the **Campus** collection comfort is key. This grouping brings softness and humanity to waiting rooms with its sturdy arms, curved backs and comfortable seating. In educational environments, the Campus line offers upright seating for optimal concentration, or to unwind and chill if desired. Perfect for busy public spaces and education, the durable Campus collection can take on any workspace. Versatile with its optional tablet arm and shelving tucked underneath, there's no reason not to make the most of these work areas!

**OFFICE NAP**

**Office Nap** is an upholstered bean bag that can be used in a vertical position as a lounge chair, or horizontally for a short rest. Office Nap is supplied with polystyrene bean filling, a brown leather handle and grey leather base for durability.

**Time Out** offers its occupants a restful escape. Designed as a solitaire piece or paired to create a home within a home, the mod roofed sofa provides the perfect place to retreat and reflect. Time Out is available with power outlets to allow for all day convenience. Home to the mid-morning coffee break or casual afternoon meeting, Time Out provides a space to time in.

**TIME OUT**

**BLOB**

The curvaceous shape and soft molded foam of the Blob are conducive to fabrics with some stretch and minimum pattern, giving comfort in any modern setting, whether public spaces, private offices or residential.

**CLIMB**

Composed of six inspiring simple form units, Climb transitions with the needs of the space and evolves with the changing elements and desires of the environment. Configure it individually for solitary study, or group pieces together for an informal meeting. Break the mold of traditional classrooms with the versatile components of Climb, which foster creativity to flourish in different work postures.

**DELI LOUNGE**

The lounge chair's laid-back, Scandinavian nature and stylish looks join the award-winning Deli collection of workplace furnishings. The design of Deli lounge is a little deeper, wider, and slightly more voluminous than the rest of the collection in order to allow occupants to lounge longer.

**LEAF**

Leaf is a light, low lounge chair that resembles the shape of its namesake and is revealed in the shape of its soft seat. Its distinct horizontal profile and wide seat are generous and welcoming without appearing heavy or bulky. Adaptable for numerous applications, alone or grouped together in a playful composition, Leaf is ideal for public spaces, lounges and libraries alike.

**MY PLACE**

This table is based on the idea of sitting together but simultaneously giving each user access to their own workplace, with partitions that provide seclusion. **My Place** is available in two sizes and in different variants of tabletops and frame lacquer. Options include an electrical connector.

Each Hush booth is distinct in size and design, and supports a large variety of work tasks or needs. But just as importantly, Hush booths provide finely engineered soundproofing and mobility.

## hushoffice

Hush is a range of fully mobile acoustic booths designed for a specific need: to provide customizable solutions for those who need privacy and flexibility for any working space. Holding the most extensive catalog of booths available on the market, Hush helps make work make sense again.

- PIR activated LED ceiling light
- Air ventilation (motion sensor activated)
- Power module (power, USB type A, USB type C, RJ45)
- Acoustic laminated glass door with high quality latch handle
- Acoustic laminated rear glass - frosted option available
- 2" ceiling grommet for sprinkler provision or Fire Suppression Kit
- Replaceable acoustic fabric tiles
- Integral carpeted floor
- 12 Foot cable with 110v plug
- Seismic floor provision
- Adjustable levelling feet
- Optional integrated stool
- Integrated castors
- Anti-collision door marking
- Option to hang a TV screen on the central column

Green Walls for Hush

**NOOK** is a mobile modular huddle pod, designed improve personal wellbeing, as well as adding efficiency & flexibility of space while creating greater engagement between people.

**NOOK HUDDLE**

**NOOK SKINNY**

**NOOK SOLO**

**SENSORY NOOK**

## GREEN FURNITURE CONCEPT

With biophilic design, we help reduce stress and create a calm and inviting educational environment to encourage and enhance learning. Using flexible and modular seating solutions, you have the possibility to configure the benches to create space for both privacy and collaboration areas when needed. Our acoustic Leaf Lamp series are often used in libraries and other campus areas with it's sound absorbing qualities to reduce and control a noisy atmosphere.

**SCALA XL**

**Scala XL** is an enlarged version of Anya Sebton's influential sound-absorbent Scala. Scala XL is developed to improve the soundscape in large and noisy spaces such as assembly halls, auditoriums, lobbies, and shopping malls. Scala XL's interplay of shape and material has a powerful sound absorbing effect.

**ECOUSTIC® NEILSON**

Designed by Tzannes Architects for the Judith Neilson Institute, the **ecoustic® Neilson** Tile Collection elevates any interior space with a lineal acoustic modular tile, that is a snap to install using basic tools. With an elevated NRC rating of .90, these tiles are sure to please both the eyes and the ears! The Neilson Tile is available in 34 felt faced colorways.

**NIVA**

**Nivå** is a modular acoustic wall and ceiling panel made of EcoSUND core material. Panels are mounted with high-strength velcro strips. The panels can be mounted in various ways to form a pattern. EcoSUND core material is a low-emission product made from 50% recycled PET bottles and manufactured without any glues.

**Pixel** is an acoustic wall art system made from natural, hand-picked Scandinavian Reindeer Moss. Pixel is 100% maintenance free and is an environmentally conscious product: the moss is preserved in a natural salt solution and colored with water based dyes. The density of the moss offers a high level of sound absorption. Pixel is supplied by the square foot, and can be installed around corners, on curved surfaces and on ceilings. Installation with self adhesive velcro backing (included).

**PIXEL**

## SCREENTRAK® BASS

**ScreenTrak® Bass Screen** are produced with Unika Vaev's ½" acoustic screens and available in a wide range of colors, ScreenTrak® Bass is available in 24 designs with the ability for custom designed patterns.

## TRUMPET

**Trumpet** is characterized by simplicity and a careful attention to the detail, which become obvious when you have a close look. Here, the designers use the iconic shape of the music instrument to both direct the light and to make a subtle connection to the space below the

## GAIA

**Gaia** is a sound absorber with four symmetrical pieces representing the four elements: fire, earth, wind and water. Gaia means Mother Earth. The four elements can be combined in millions of different ways with an infinite range of possible combinations. By rotating each piece you will generate a new effect on the wall, creating a living surface. Gaia gives the room the best sound quality while creating a colorful and inspiring ambient.

## ECOUSTIC® TIMBRE PANEL

An elegant acoustic panel with a wood grain print for improved acoustic performance, Cradle to Cradle Bronze environmental certification, available in 3 sound-absorbing thicknesses.

- Print extends to the full panel once trimmed with no obvious repeat
- Edging options available
- Recyclable
- Printed with leading HP low-VOC water-based latex ink technology
- Ozone-free, no hazardous air pollutants, nickel-free, PVC-free + odorless printing ink is US Greenguard Gold-certified + Ecologo certified

## HYGGE

**Hygge** offers a generously proportioned seating solution that can be shared by several people – creating that special feeling of coziness and conviviality that the Danes call 'hygge'. By choosing a leg frame with armrests, a small round table, or a long rectangular table, you can vary the expression and practical function of each unit. Individually or in family groups these seating islands are ideal as freestanding seats in a wide variety of rooms and public spaces. Options include a USB charger which can be placed alongside the legs.

## PARSONS

**Parsons** bench is a clean approach to the timeless design of the Parsons table. Offered in laminate or veneer, three height options, 2 cushion options and a hard seat option,

## ENZO

**The Enzo** tapered stool has a tapered silhouette with contrasting cushioned top. Matching coffee table and dining table will complete an informal dining space or breakout area.

## EXHALE

**Exhale** bench offers two levels of comfortable seating. Reminiscent of stepping stones, Exhale has two informal and multipurpose elements cantilevered at overlapping heights allowing for two or more people to relax in tandem. The distinctive design allows for a multitude of unique combinations by way of textiles and color.

## BRIG COLLECTION

**Brig** (pronounced BREEG) Lounge is luxury soft seating. Designed to create configurations that allow people to visualize their own personal space and with combinations facing in various directions. Brig seats are generous in scale and easily separated with tables to allow a natural physical distance. Available with integrated power and with a focus on people, materials and upholstery. Brig Lounge is a soft seating system that can respond to the ever evolving context of work.

## COLT

**Colt** is an inverted triangular bench design that is visually eye-catching and comfortable. The leg frames and tabletops are manufactured from engineered hardwood that are made up from finger-jointed staves, which provides a block board appearance. The square lines of the base, typical of the mid-century modern, are anything but typical. With the accompanying floating table, these light-weight breakout bench modules can easily be configured to form meandering shapes in open plan areas or around
