Our
Experience
Evolves

Workplace standards have changed over the years and our product lines have evolved to meet these standards. Meanwhile, our passion and signature savoir-faire to design and develop innovative, functional and flawless workplace furniture has grown exponentially. Our complete portfolio of sleek durable pieces can be used to furnish entire spaces and transform your workplace in a home away from home.

Our team is always on the cutting edge of workplace trends. They are available to help you recreate the vision you have for your space. Whether it be a kitchen, conference room, nomadic workstations, lounge or work areas, Rouillard will breathe new life into your place of work. Our quality craftsmanship and human-centered approach have empowered us with the ability to meld comfort, style, and utility, with detail and elegance.

The office should be a positive experience. It is time to rethink the workplace; flexibility is key. Rouillard will assist in the creation of open spaces to encourage dynamic work areas, ones that will foster conversation and collaboration between colleagues as well as team work. However, to meet the needs of all employees and to ensure their well-being, private work spaces can also be added for those who require a more intimate zone in which to collaborate, as well as chill lounges where employees can take the time to unwind and reenergize.

Our commitment to our clients is of the utmost importance. Just as equally important, our devotion to reducing our environmental footprint in all phases of our production cycle and to furnishing durable workspace solutions. We comply with the highest industry standards, by conscientiously choosing high-quality components and implementing our strategic design processes to significantly reduce the amount of waste.

Our proactive vision focuses on customer needs and drives all product development. We constantly explore and challenge the status quo to ensure continuous innovation. Management decisions are based on ensuring better workspaces and thereby improving quality of life.

Rouillard's management team is dedicated to a horizontal approach, empowering each and every member of the team. Within the family business, where we take the time to listen and understand each and every voice and to see their work, we help and encourage the employees to grow with us. Successes are praised and credit is shared accordingly.

Building relationships outside of work hours and offering team building activities enhances our large tight-knit family, a crucial factor in stimulating interdepartmental collaboration and in designing our collections.

Highly oriented toward innovation and actively rethinking the workplace environment, we are proud to be at the forefront of the industry thanks to our signature savoir-faire.

Teamwork Savoir-Faire

Rouillard is home to a passionate team of interdisciplinary professionals looking to transform workspaces with high-quality furniture that melds comfort, style, and function.

Innovation and corporate identity are part of this Design team's core. Inspired by observing culture, people, art, nature and travel, our designers are brimming with fresh, cutting-edge ideas regarding workplace trends. Meanwhile, our skilled Manufacturing team brings the latest techniques and processes to life through the most carefully selected material. From beginning to end, our responsive Customer Service teams care for our clients and tend to their unique needs. At Rouillard, the skilled factory workers translate their savoir-faire into every stitch, nail, cut and fold of our handmade products, and doing so while encouraging local suppliers.

Our Administration and Accounting departments make sure that all runs smoothly within the company. With the implementation of a new business process management software (ERP), our team ensures that we grow in an organized fashion and that we plan and manage our information efficiently.

Our incredible Sales team work hard to always meet our clients' needs throughout North America. Our Vice President of Sales and Marketing, Carl Giunta (1), and the Canadian Sales Directors Thierry Pouliot (2) and Samuel Audet (3), as well as our American Sales and Marketing Director Steve Lipton (4) strive daily to ensure our company grows strategically.

We pass on our values to our employees. These values focus on improving our client's work environment by creating attractive, comfortable and reliable products accompanied by exceptional service.

Table, Storage and Media Technology

Inspired by a streamlined and residential mid-century modern design, Zetti Table is available as a side table, conference table or touchdown station in rectangle, boat or drop shape tops. Choose the metal slanted leg for a single or conference table, while the straight leg allows many units to be placed snugly side-by-side. The recent addition of the wood leg when coupled with the rounded top options will add warmth to your workspace. The distinctive knife edge give the Zetti Table a sleek and light-handed look.

ZETTI

ZETTI KLAAS

ZETTI

ZETTI

ZETTI NALTO

The Zetti Nalto is a collaboration table available in counter and bar height, and is perfect for lively layouts designed for team work. The angular legs in wood or metal options combined with the rounded rectangle top will allow the creation of a welcoming atmosphere in any office environment. Zetti Nalto is outfitted with a footrest, for comfortable and user-friendly shared workspaces. This table will quickly become everyone's favourite destination for productive meetings.

ZETTI FIT

Combining technology and minimalism, this all-in-one videoconferencing unit includes a work surface mounted to a vertical media panel. The panel is designed to anchor a screen, keep wires neat and your workspace clutter-free. The slanted legs and trapezoid shape table lighten the overall volume, making it ideal for even the most compact spaces. The soft corners, knife edges and optional wood legs add warmth and refinement to the configuration. Your team will be comfortably seated thanks to the footrest on the 36- and 42-inch models.

ZETTI FIT

ZETTI FIT

ZETTI CREDENZA

The Zetti credenza is a unique and elegant storage solution. Clean lines set off its minimalist design, while contrasting or monochrome colors make it an easy match for your conference room or any of the Zetti tables. Specifically designed to accommodate open spaces, use this piece to store personal items or office supplies. Its' slanted legs give the Zetti Credenza lightness while the multiple configurations of doors, shelves, drawers and openings are designed to accommodate any need.

These architectural, minimalist tables are timeless additions to any working space. The thin and understated aluminum structural frame can be cut to any size, so specify what will fit perfectly to a space — no need to work within standard sizes. Heights can range from low for lounge; mid for tables, desks or benching; higher for counter and bars. Vertical end panels can be added for a more solid look. The Table Agora system allows maximum customization to match any space's design vision.

AGORA SLIM

AGORA OLEA

AGORA OLEA

AGORA ELITE

AGORA SQUAD

AGORA CREDENZA

The Agora Credenza collection is clean and crisp in its simplicity, and brings a sense of orderliness and professionalism wherever storage is needed. Customize the size and choose from bookcase, doors, drawers or file drawers. Use Rouillard's media wall to design a credenza with a cohesive and seamless look. The steel frame can support a monitor that is up to 60 inches in size. All in all, the Agora Credenza collection will transform and help organize your precious workspace.

The TNX collection is composed of small, yet mighty tables that can be used for a wide array of workplace activities. Available at up to 84 inches in width, the knife edge option gives this collection a sleek and delicately refined look. Surfaces come in circular, rectangular, or square shapes, and the cross-shaped or T-shape base comes in three colors to blend right into your work environment flawlessly. Versatile in look, and versatile in function; this multi-functional collection is timeless.

The Drift collection offers design versatility and adaptable functionality. The clean lines and smooth curves can be paired with any interior design and matched to any and all of our collections. Furthermore, the surface is optimal for laptop support to those looking to get a work session in, making it an ideal asset to any collaborative workspace. Dual in nature, the small, lightweight Drift collection table will look good no matter where it's placed.

MEDIA FIT

Keep virtual conferencing and sharing areas organized and unobtrusive with Rouillard's Media Fit. With this smart and sleek configuration, the laminate vertical tech wall attaches to a table that can be a rectangular, bullet or trapezoid shape. Table and screen-supporting wall are available in various heights. The wall is finished on both sides, so it can be free-standing in open office space. When floor layouts alter, the adaptable Media Fit is easy to move and eliminates the necessity of attaching the monitor to a fixed wall.

Chair

Elegantly designed with a curved ergonomic backrest, this high-style chair offers outstanding comfort and support, while fitting seamlessly into a range of interior styles. Exquisite in its details, our Lead collection lends itself well to executive, office or conference seating. Customize Lead for the perfect fit, as nearly every chair component is adjustable in size and function. Lumbar support and tilt mechanisms allow this chair to flow harmoniously with all body types. With a beautiful design, and optimized functionalities, it's no wonder this chair is a Rouillard classic!

LEAD

Elegant and luxurious, the RIVO collection melds form and function in a timelessly stylish manner. The optional high or mid back commands attention, while the subtle stitching details and fixed or adjustable armrests, provide optimal support. Generous in proportion and ultra-comfortable, these chairs look sleek in contemporary workplaces and chic in executive spaces. If you're looking for an eye-catching statement piece, the RIVO collection certainly won't disappoint.

The FX collection embodies the flawless fusion of exposed seating technology and sleek, upholstered planes for maximal comfort. This sophisticated conference chair is designed with strong structure and solid support. Our FX chairs radiate with intelligence and will enhance your offices, collaborative work areas, huddle rooms, and conference centers. Tailored to match your office vibe, the backrest comes in channel- stitched upholstery or mesh. Make additional specifications thanks to Rouillard's wide array of ergonomically designed chair components to make this a classic fit for each worker and work space.

SPYDER

With its angular shape and upholstered armrests, the Spyder collection is perky yet elegant in character due to its fresh and trendy midcentury look. Comfortable and ergonomic, our Spyder line is versatile enough to function in a conference room, as an executive chair with a high back, or a guest chair with a lower back. These chairs can even be adjusted to a bar-height for work done around taller collaboration tables. Channel or T-shaped stitching are both available for the back. With Rouillard's flexibility, our Spyder collection comes in optional wood or metal bases. For chic-looking comfort and maximum adaptability, the Spyder collection is exactly what you need!

ZAZ

Make your meeting space all the more stylish by including the Zaz chair. Bringing a warm contemporary feel to your conference rooms, Zaz is also a perfect choice in corporate dining spaces. Its coziness will allow anyone relax. The collection's minimalist design creates a unique contrast by combining a fully upholstered curved back with angled legs. Perfectly tailor Zaz to your space by choosing from several base options (wood, metal and caster bases).

ZAZ

The warmth and versatility of Scandinavian design is the inspiration behind the Kopa chair. Its fluid lines ensure that it will be a stylish and comfortable addition to your shared work, conference or dining areas.

The Kopa chair fits in anywhere! Its ergonomic curves provide unparalleled comfort in either upholstered or all-wood versions. The laminate or wood options lend themselves to a tone-on-tone combination with the corresponding wood base or to a more neutral look with the metal base. The Kopa chair is where you'll want to sit, whether you're working or taking a break.

KOPA

KOPA

TARA

The Tara collection offers a minimalist design that highlights the chair's clean lines, while the rounded corners add to its discreet appeal. Dual in nature, these chairs blend right into any environment and come in various wood or metal bases. Whether you're looking for a comfortable guest or waiting room chair, or a bar-height stool for dining areas or collaborative workspaces, the Tara collection will surely fit in.

TARA

TARA

The Ely collection is a timeless statement piece that provides comfort all around. Its elegant, wrapped curves and optional solid wood or metal base, are perfect for waiting room lounges, conference rooms, and collaborative spaces. The Ely collection is an affordable option that will stand the test of time as your workplace evolves.

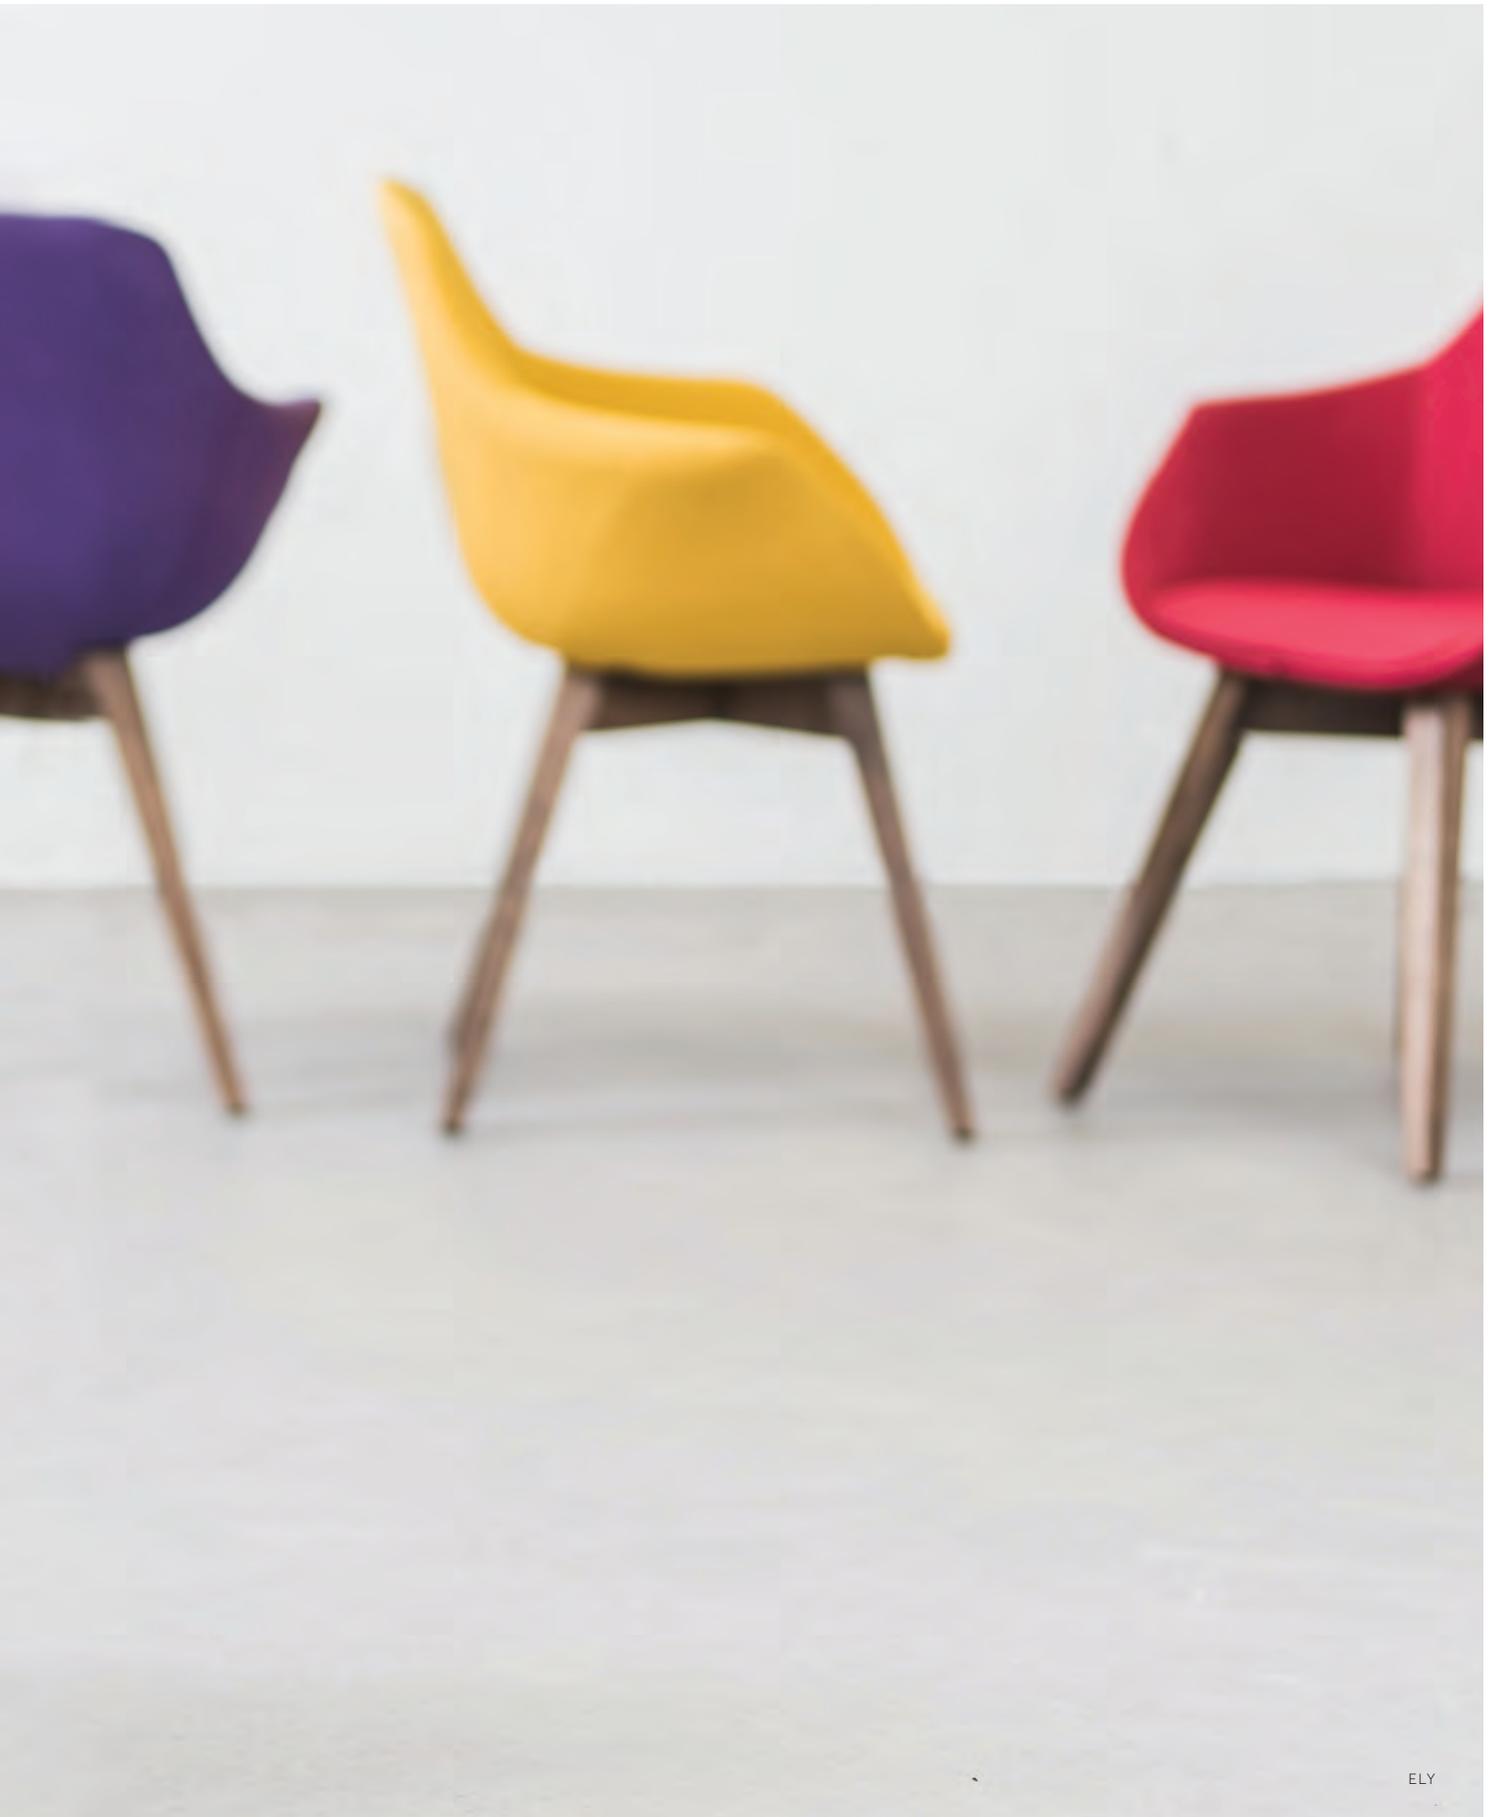

Sleek, simple and supremely minimalist, our Vibe collection is known for its thin profile and light European touch. Discrete in nature, the contemporary lines featured on these chairs will enhance any space. Angled and curved for undisputable comfort, these durable, high-density plastic stack chairs are built to support those lunchroom discussions or reading nooks.

Available in four colors: red, gray, black and white, you can also choose from the chrome-finished sled bases or regular or counter-level heights. Products from the Vibe collection are also available in upholstered variations.

The Mia collection is contemporary and completely business-casual. These elegant plastic chairs have a contemporary look and a crisp feel which is high-lighted by the perforated backrest. Inspired by refined European sensibility, the stackable Mia collection brings visual texture to training rooms, cafes, and break-out corners. Whether you prefer the loop style or without arms, the upholstered seat option will provide you with extra comfort. Available in four colors, these chairs are also made for bar-height situations and function well as comfortable and supportive stools. With the Mia collection, you'll be comfortable in any situation.

LINK

Sculptural and modernist, the Link collection brings style to stackable plastic chairs. With a strong T-shaped form and angled back rest, Link chairs provide comfortable seating in waiting rooms, classrooms, training rooms and guest areas.

Available in a black or white molded plastic color, you can choose to go with or without armrests, add optional casters, and choose from three different heights. The chair can even be mounted onto a black, white or platinum metal frame.

With its versatility, our Link collection serves every workplace need.

DEXTRA

Clean lines, lightweight and durable, the Dextra collection is available in multiple options. Both, stackable and affordable, Dextra chairs are simply perfect. Our Dextra line brings a stylish aura to classrooms, training rooms, collaboration centers and company cafes. Chair back options include: perforated plastic, upholstery, or even mesh. Not to mention there are plenty of choices when it comes to upholstery and base, which all allow the robust and comfortable Dextra chairs to successfully take on many roles.

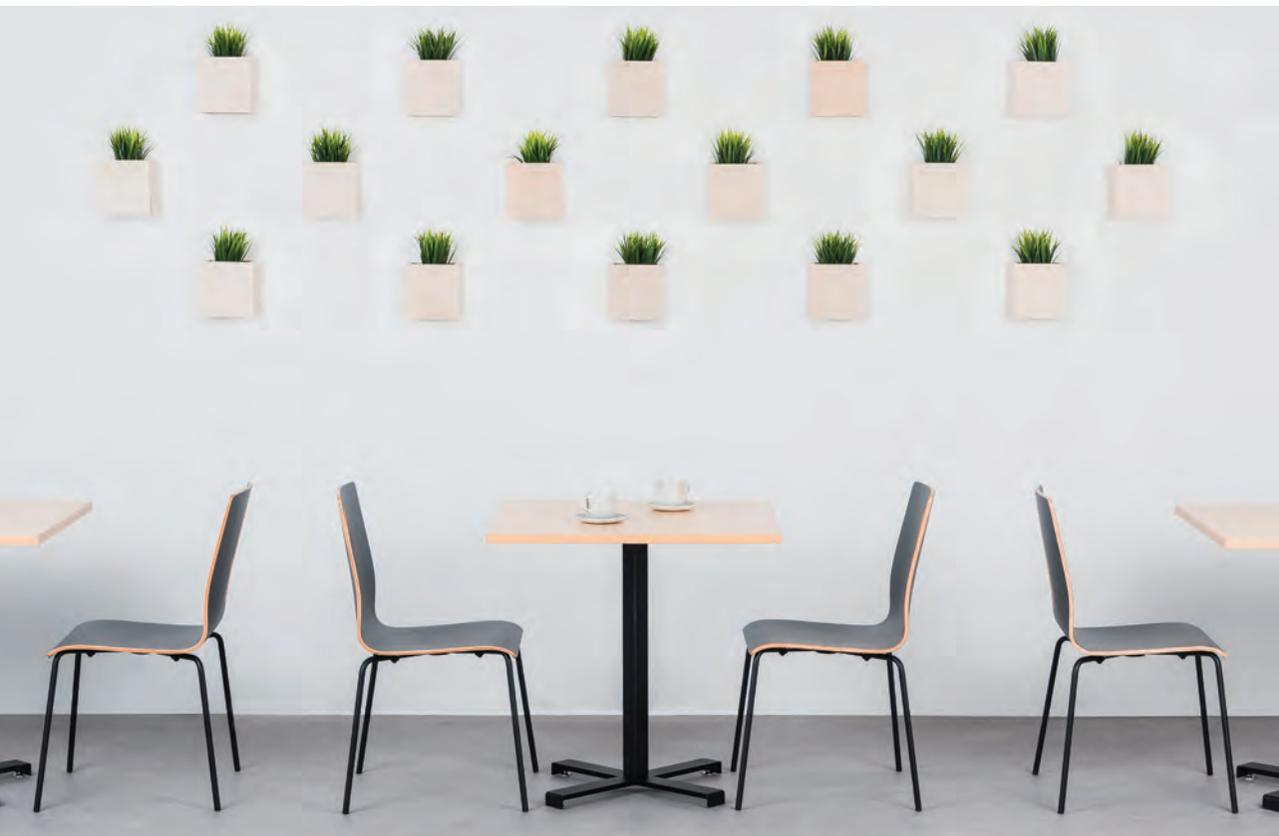

Rouillard's striking, single-shell wood veneer Zoa collection is curved and angled making it an eye-catching piece. With clean lines and a thin-profile, this sculpted chair can be rendered with an angled wood leg base for a more residential feel. Confined yet stylish, Zoa is perfect around coffee tables and lends itself well to comfortable collaborative work environments at regular height or as a taller stool. Available in wood finishes or a white laminate option, the Zoa line is stackable and comes with optional upholstered seats and back pads for even more support. For comfort and ultimate practicality, you can rely on the Zoa collection to improve your workspace!

With its minimal design, the Ply collection is pared back to its essence, yet is recognized for its slender, distinctive, vertical cut-out and refined silhouette which gives this chair plenty of personality. Our Ply chairs are stackable and ideal for seating big groups in corporate cafes, common areas, seminar rooms, and at study tables. The all-purpose Ply is available in three heights, so it can unify a space that needs both table chairs and bar or counter stools. The Ply line comes in wood, polyester or laminate, both with upholstery options. Not to mention, the fun scoop-style stool may also lend itself well to your workspace. With Rouillard's Ply collection, you're bound to find comfort, regardless of where you're seated!

Lounge

The Coast collection offers a wide range of possibilities, limited only by your personal creativity and preferences. Configure it based on your specific needs: straight-lined or curvilinear, banquettes, contrasting bolsters... Add a shelf or an acoustic dividing panel to create privacy islands in shared spaces or to set up a cozy break area for staff members. Resolutely contemporary, Coast was designed with casual collaboration in mind to provide comfortable seating with rounded lines, giving it a gentler more welcoming appearance. Add some warmth to this piece with wood legs, a modern flare with the metal legs. Coast can be personalised to fit your space!

COAST

COAST

The Ema collection is a complete product line of stylish, angular-designed, lounge seating that can be paired with our matching side tables. Available with wood or metal legs, this lounge collection is synonymous with residential comfort. Whether you're looking for a comfortable loveseat to relax in, a swivel chair for conference room meetings, or even a guest chair for a waiting room area, this homey collection will bring warmth to your inviting workplace.

EMA

EMA

EMA

The Geo collection's modular system provides unlimited freedom when it comes to designing and creating fun combinations that harmonize unique work environments. These pieces are ideal for areas dedicated to lounging, waiting and hanging out. By linking fully-upholstered angular benches, the Geo line's individual units can easily be moved and re-clipped together. With endless options you'll have total flexibility in choosing a backrest, ottomans of different sizes, additional power ports, and laminated surfaces. With the Geo collection, you can easily arrange, rearrange, and reshape your workplace any way you'd like!

Our Blok collection is durable and compact. These architectural cubes can be configured in various ways to create an adaptable lounge system. With perfect squares as symmetrical building blocks, it's easy to create benches or individual chairs, with or without armrests, and the high panels can be used for enclosed spaces with laptop tables. Use our Blok collection to form fully-upholstered lines, groups or islands for layouts that fit a variety of spaces. Power ports can be added to any unit, too. Our Blok collection's pure geometry constructs elegant and interactive communal spaces that will keep your team motivated and comfortably productive.

BLOK

BLOK

With its prominent angles, modular Vog is all about making effective enclosures for productive communication at work. Choose from a high or low back to make different groupings or use as single chairs. All the pieces are fully upholstered and help reduce noise levels in the open office world. The choice of a semi-circular configuration helps teams rally together while its optional counter shelf adds another level of versatility. Add power to any modular piece. Vog lets groups or individuals enjoy an affordable and dynamic huddle space.

Our Pod collection is versatile in design making it ideal for lounge areas and gathering spots. The Pod line is Rouillard's most modular system, which means the specification options are endless. The sturdy Pod collection can be used as freestanding sofas and chairs with arms in reception areas or private offices. In lounge spaces, create benches with various backs available in different heights, or simply go with backless benches to make for a more airy setting. For open floor plans, connect the units and add the highest back divider to create enclosed clusters. The Pod collection also offers connecting console tables for those essential meeting tools: laptops and coffee cups.

With its retro elegance, Classic draws inspiration from the slim-lined, aerodynamic, jet-setting stylings of the 1960's. This chair is ideal as executive, lounge and conference seating. The Executive version has an adjustable mechanism option, a five star base with casters and fixed polished armrests. The Lounge version uses a groovy four star auto return base, has optional upholstered arms and pairs with a matching ottoman. A modern classic.

CLASSIC

The Zetti collection is a stylish choice for lounges, lobbies, collaborative spaces, waiting areas and private offices. Our Zetti chairs include high-back and a low-back lounge chairs with metal sled bases or auto-return cross bases, as well as ottomans and benches with metal paperclip legs. The relaxed upholstery of the Zetti collection is contemporary, refreshing, and inspired by modern influences. Zetti chairs bring a light touch with soft contours, and are always welcoming. To add some zesty fun and sophisticated comfort to your room, the Zetti collection is right for you!

modernes

As a modern-day descendant of the cozy club chair, our Solo collection's strong silhouette and bold curves promise comfort, even from across the room. This gracious yet ultra-contemporary chair is residential in tone, and applies well to lounge settings, group huddles, and private office spaces. Place two or three Solo chairs together and you've got yourself an intimate grouping. With angled arms that are designed to fit under table surfaces, these chairs also function amazingly well in conference rooms and café settings.

café

- MENU -

ESPRESSO	BLEND / ESTATE

mocha	4,75 / 5,25

The Mini collection features an intriguing and airy chair design that is mounted onto a free-floating, gentle curve that appears to just lightly rest on the seat. Although the Mini collection may sound petite, its small scale and durability provide optimal comfort and make for a roomy seating area for friends at a bar, coffee shop, or lounge area. Its open form is easy to clean. Our Mini collection is useful, reliable, and comes in five different heights and optional bases. For a mighty, but strong solution, our Mini collection won't let you down!

MINI

The well-named Hug collection surrounds with a friendly, sophisticated and contemporary curve. Its slender horizontal back opening gives it a distinctive, notched profile. Our Hug line brings chic personality to arm chairs in casual lounge spaces, or make excellent visitor chairs at front desks. The Hug collection integrates well to any environment thanks to its monopod, four-star base, or trapezoidal design, which all feature an auto-return mechanisms. For a cozy, warm feeling, opt for the wood base. Either way, the Hug collection is sure to match furniture from any of our collections!

When it comes to the Campus collection comfort is key. This grouping brings softness and humanity to waiting rooms with its sturdy arms, curved backs and comfortable seating. In educational environments, the Campus line offers upright seating for optimal concentration, or to unwind and chill if desired. Perfect for busy public spaces and medical facilities, the durable Campus collection can take on any workspace. Versatile with its optional tablet arm and shelving tucked underneath, there's no reason not to make the most of these work areas!

CAMPUS

TULIP

Perfect for rest areas, waiting rooms, and reading corners, our Tulip collection provides ultimate comfort in a relaxed, yet chic-looking style. The round-shaped curves of our Tulip lounge chairs are ideal for smaller spaces that require a softer feel. Create pleasantly relaxing areas that anyone can enjoy.

TULIP

TULIP

The Quantum collection is a modular chair system that brings high functionality and clean style to busy waiting areas. Its flexible design includes varied seats, backs, and shelves. The high back, fully-upholstered Cloud version is perfect for airports. The Spyder version has an upholstered seat and backrest, meanwhile the Mia version has solid backrest and a choice of plastic or upholstered seating. Easy to clean, Spyder and Mia are ideal for institutional and healthcare facilities. Additional options include: power ports, tablets, armrests, and seamless floor anchoring levelers. Our Quantum collection is designed to withstand high use in high style.
